inhuman conditions. Her latest film is a trilogy about "Faith, Hope and Love" produced for Swedish Television.

Rhoda Isaac

I was born in New York City but grew up on a farm in New Jersey. Painting and drawing were major energies that called me in childhood. I moved with my family to Zurich in 1964 and started to teach art at the American High School in Kilchberg. But when I was introduced to Jung, his theories, his concepts of the meaning of life, I was home. We stayed in Switzerland for 26 years during which time I graduated with a Diploma from the Jung Institute and started a practice. In addition to a Bachelor's degree, I have an MA in Art Therapy. Expressing the Self in a art, combined with Jung's ideas, are the cornerstones of my life.
