

*“The lack of meaning in life is a soul-sickness whose full extent and full import our age has not as yet begun to comprehend.”*

CG Jung, CW 8, § 815

**Thursday, 25 April • 17:00–18:45**

**Nancy Krieger, PhD**

When I started out in life, I wanted to understand how the real world functioned, so I studied physics. This got me into computers and telecommunications. Many years later I wanted to get out from behind the screen and understand how people functioned. So I studied Jung. My current passion: the collective unconscious.

In these casual talks each semester, ISAP analysts offer glimpses into their personal approaches to Jungian analysis.
