

SCHOLARSHIP APPLICATION PROCESS – JUNGIAN ODYSSEY

Most years there are limited scholarships available to help support attendance at the Jungian Odyssey for those with financial need.

To apply, please forward to me by *email* the following:

- Declaration of need (including special circumstances, i.e. student status, low income, other hardship, etc.)
- Your personal and professional interest in the Jungian Odyssey
- Statement of nationality
- Your name and current postal address, and
- Whether you have received scholarship funds from us previously and if so, how much and in which year.

The amount of the scholarship we can offer varies from year to year but is generally between CHF 500-1000. The awards are not disbursed, but credited toward the total Jungian Odyssey fee.

Please do not register for the Odyssey or pay the fee until this process has been completed and you have been informed of the outcome of your application. If you are granted a scholarship you will be asked to deduct the amount from the total on your registration form, and to write "scholarship" in the remarks box.

If you would like to apply, please forward the above requested information to me at your earliest convenience, but *no later than March 1st.*

Applications are processed on a first-come-first-serve basis. Ordinarily our committee decides and informs applicants within five workdays of our receipt of applications.

If you have questions about the procedure, do not hesitate to ask me.

Kathrin Schaeppi
On behalf of the Jungian Odyssey Committee
